

# RONALD BRANDON BENÍTEZ CAÑAS

GRADUATE OF COMPUTER SYSTEMS ENGINEERING AT THE UNIVERSITY OF EL SALVADOR

## EXPERIENCE

### Administrative page development

Universidad de El Salvador, Second half of 2022

During my social hours, I actively contributed to the creation of a website focused on human resource management. This project facilitated the streamlining of the comprehensive control of absences and permits.

### Development of various projects

Universidad de El Salvador, 2021 - 2023

As an integral part of my academic activities, I actively participated in the execution of various projects. Driven by the desire to improve my skills, I ventured into developing a mobile application, which is currently available on the Play Store ([@PlayStore](#)).

## EDUCATION

### Universidad de El Salvador

Computer Systems Engineering (2019 - 2024)

### Academia Europea

English language conversational level course (Current)

### Instituto Nacional de Chinameca

Technical Bachelor in Accounting (2016 - 2018)
